Consumers trust the ads in news more than in any other media

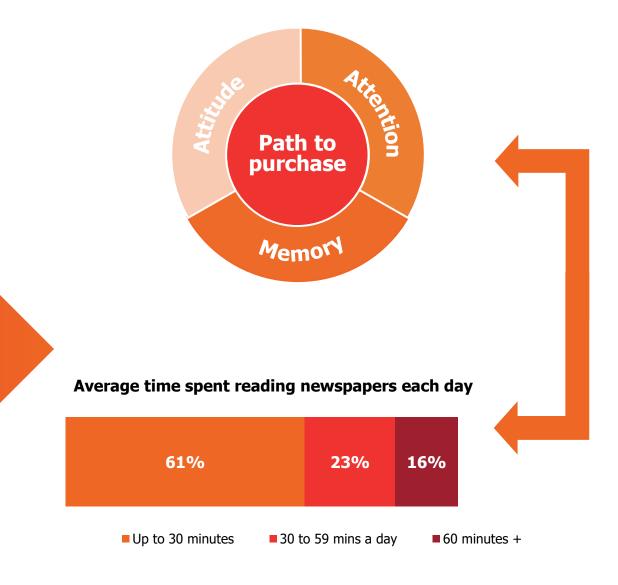

85% of consumers agree that "Seeing a brand or product in news brands gives me more confidence that it's right for me".

When people view news, they have a higher degree of engagement and memory

- 39% read news for more than 30 minutes a day.
 - When readers interact with news, it's a lean-forward experience. Unlike other media
- channels, news has an actively engaged audience vs other prime time programming
 - This makes news particularly strong in moving prospective consumers through the purchase funnel. News shifts the needle in how people feel about the brands being advertised.
